1. WKCLIMAD Overview

This repository contains R code and Rdata files for working with WKCLIMAD data and responses. WKCLIMAD is an ICES workshop aimed at exploring how can the short-, medium-, and long-term influences of climate change on aquaculture, fisheries, and ecosystems be accounted for in ICES Advice.

More information about WKCLIMAD can be found here:<https://www.ices.dk/community/groups/Pages/WKCLIMAD.aspx>

2. Visualizing the results

The interactive shiny() is downloadable by entering the following lines of code into R().
